

# Route Description MegaGen Implant Benelux

We would like to welcome you to MegaGen Benelux, based in Oisterwijk

**Note:** Our neighbors, **MegaGen Europe**, are located at Schijfstraat 26. Please make sure you are not at the front door of the wrong building.

## Accessibility

**Oisterwijk** is located very centrally in both the province of North Brabant and the entire Benelux, between the cities of Tilburg, Eindhoven and 's-Hertogenbosch. Via the nearby A58, A65 and N65 you can easily reach Oisterwijk by car.

### Parking

MegaGen has plenty of parking spaces around the office, both at the front and the back. Are you a participant of one of our events or courses, do you have an appointment, or are you just visiting? All parking spaces around the building are available.

### Electric charging stations

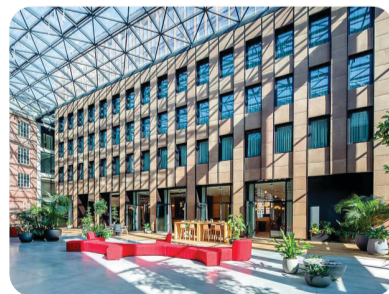

If you drive an electric car, a charging station is essential. Four public charging stations are available at the front of the office, right next to the entrance to the building. Should these spots be occupied, we have other options for charging your car nearby.

### Public transportation

Oisterwijk is also easily accessible by public transportation. The village has its own NS station, on the line between Tilburg and Eindhoven. Bus services provide a connection from Tilburg, 's-Hertogenbosch and Best. Our office is a 10-minute walk from the central station.

## Hotels nearby

A stone's throw from **MegaGen**, the cozy center of **Oisterwijk** and the train station are two hotels we recommend.
